

FEBRUARY 23, 1968 (FRIDAY)

Got up by 8:00. Bath. Went & washed
ironed. I went with Elder Taylor out to
Marty. Visited two real good families
out in the country. He is a good man. Elder
White can't stand him. He seems OK with
the people, although he cuts you off
when you are talking. Elder White's
parents had come out to see him recently.
He has only been out a few months. They wanted
to ask him about the MARAJAUNA (sp) he
had left growing on his San Francisco house top.
The Narcotics men had been over. The
parents didn't suspect him, but they found some
seeds in one of his coat pockets. There is also
a woman that his old girl friends parents are pressing
charges of Rape on him. That's the NM. I just
hope that he doesn't try anything out here.
He has the ability of really becoming a good
missionary.
